Beach Buggy Racing MOD APK is a racing game inspired by the legendary game Chocobo Racing – a game you’ve probably played on a PC or PlayStation 1 in the past. Introduce about Beach Buggy Racing We have not forgotten the feeling of playing this game with friends over the weekend or after boring school. And now, we can experience an upgraded version of the game in terms of graphics, gameplay and countless other cool features. I really like this game because of the great fun it brings, moreover the game encourages you to play with friends, bring beautiful memories for everyone. The previous episode of this game is Beach Buggy Blitz has achieved great success with over 30 million downloads. Is Beach Buggy Racing enough to make you feel curious? The most exciting race The game has the same gameplay as other racing games on the market such as Asphalt or GRID Autosport. No matter who you are or what you do, the main goal is to move fast to the fastest destination, leaving behind all your opponents. The game allows you to enjoy the ultimate driving skills. You don't have to obey the traffic rules, keep pressing the gas and keep moving forward. However, this game is a bit different. This is not the usual race between racing athletes, this is the monster race, where there are monsters with special cars you have never seen before. These vehicles have special skills to attack other drivers such as rocket launchers, instantaneous shifts or skills to distract the enemy. With your skills and flexible use of Power-ups, become the first finisher in Beach Buggy Racing. Once you win, you will have some money to unlock and upgrade many different vehicles. You can also unlock more power-ups that you want. The Boss of Buggy Beach Racing will be the real challenge for your steering wheel. The first boss is capable of spreading the petals along the way, if you go through them, your car will be slowed down. I recommend you go back to the previous level to get more money to upgrade the car. How to control? Beach Buggy Racing has a very intuitive and convenient control system for players. It's like other racing games, so you'll quickly get used to the game's controls. Control systems come in a variety of styles such as screen tilt or push buttons, you can change them in the Settings section. Race with other players Can you believe that? You can connect with up to three other players to race on a TV or smartphone/tablet connected with TV. However, this feature requires you to pay cash to unlock. Surely you and your friends will have fun moments after playing this game. Many different races Beach Buggy Racing has 12 different races for you to conquer. You will discover the mysterious dinosaur forest, the beautiful beach and the spooky swamps... The environment in the game is beautifully simulated in different colors, take you into a gorgeous animated world. 3D graphics help to make your image experience clearer. When it rains, you will feel the droplets flowing on the phone screen. Download Beach Buggy Racing MOD APK for Android Basically, Beach Buggy Racing is still a traditional racing game, but there are plenty of new and exciting features to explore. Beach Buggy Racing - crown races in a cartoon style on the buggy. The player is given the chance to prove himself in several Championships and overtake all rivals. Despite the fact that cars supposedly came from the movie, the passions in the races is very high. To get to the top, you need to constantly improve your iron horse. Upgrade characteristics of your car you need to collect coins. But opponents also are eager to pocket yourself a pair of gold, so they can and should be tackled with the help scattered around the track a variety of guns. Graphically, the game is made very nicely, especially in combination with the perky soundtrack. Control simple and the most adapted for touch screen devices on the Android platform. Will have to steer using the accelerometer, and the gas and brake pedals located on the display. Beach Buggy Racing - great arcade racing game that will appeal to fans of the genre.
